

Project Name:

Ada Regional Airport East Side Industrial Infrastructure Improvements

Recipient:

City of Ada

Address:

231 S. Townsend Ave, Ada, OK 74820

Amount Requested:

\$3,410,000

Project Explanation:

The Overall Development Objective (ODO) of the proposed project is to rehabilitate runway 18/36 with an asphalt overlay on the runway. This would accelerate the rehabilitation of an individual runway through asphalt application. The pavement management program forecasts a PCI rating of less than 65 for runway 18/36. It is more cost effective to rehabilitate the pavement with an asphalt overlay than to let it continue to deteriorate to a condition that will require full depth reconstruction. Runway 36 Safety Area will be improved to meet FAA/OAC standards.
